

Supplemental Materials:

Culture of Patient Safety Survey

The following three questions were administered using a 5-level Likert scale of agreement from Strongly Disagree to Strongly Agree with an option for Neutral. Identical questions were administered just prior to the Culture of Patient Safety seminar and just after completion.

As a physician, I play a key role in promoting Patient Safety.

As a physician, I believe it is my responsibility to enter patient safety network reports when I see something unsafe or potentially unsafe.

As a resident, I should always take the time to enter patient safety network reports when I see something unsafe or potentially unsafe

Screenshot of the web-based survey is below.

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
As a physician, I play a key role in promoting Patient Safety.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
As a physician, I believe it is my responsibility to enter patient safety network reports when I see something unsafe or potentially unsafe.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
