

| | Before Median (IQR) | After Median (IQR) | p value |
|---|---------------------|--------------------|-------------------|
| PHM Handoff process provided/provides me the necessary information to manage patients during my shift. | 4 (2-4) | 4 (4-5) | 0.0005 |
| PHM Handoff process facilitated/facilitates good communication. | 3 (2-4) | 4.5 (4-5) | <0.0001 |
| What percentage of the time did/does the PHM Handoff process prioritize the sickest patients on the floor? | 3 (3-4) | 5 (4-5) | 0.0009 |
| What percentage of the time did/does the PHM Handoff process result in preventable clinical issues or adverse events? | 2 (1-2) | 1 (1-2) | 1.0000 |
| I was/am satisfied with the PHM Handoff process. | 3 (2-4) | 4 (4-5) | 0.0004 |
| The PHM Handoff process promoted/promotes <i>patient safety</i> . | 3 (3-4) | 5 (4-5) | <0.0001 |
| The PHM Handoff process promoted/promotes <i>timeliness</i> . | 3 (2-3) | 4 (4-4) | 0.0011 |
| The PHM Handoff process promoted/promotes <i>effectiveness</i> . | 3 (3-4) | 4 (4-4) | 0.0020 |
| The PHM Handoff process promoted/promotes <i>efficiency</i> . | 3 (3-3) | 4 (4-4) | 0.0002 |
| The PHM Handoff process promoted/promotes <i>equity</i> . | 3 (3-4) | 4 (3-4) | 0.5000 |
| The PHM Handoff process promoted/promotes <i>patient centered care</i> . | 3 (3-4) | 4 (4-4) | 0.0313 |

Table 2. Medians from physician perception survey, with statistical significance calculated via Signed Rank Test.
