Feedback from Staff and Patients

A) Patient feedback:

- Mr MS: "Shorter stay means more time with family."
- Ms AW: "Am so glad I can save on bed charges. It is quite a lot in the long run."

B) Staff feedback:

- MP: "Shorter LOS would help ease bed shortage even though in a small way."
- GC: "It is safer to start chemotherapy especially Rituximab in the day where more doctors are available in case of reaction."

Cost savings – inpatient bed

| | Cost | Total |
|--------|--|---------------|
| Before | 7-day inpatient bed (\$500/night) | \$3500 |
| After | 5-day inpatient bed (\$500/night) | \$2500 |
| | Total savings for 1 inpatient episode | \$1000 |
| | Total savings for 6 inpatient episodes | \$6000 |
